

SHOP TOUR

VIEWRAIL

SEPTEMBER 14-15

EVENT DETAILS

Join us for a Shop Tour with SMA member Viewrail as we take a peak behind the scenes in this in-depth, exclusive tour. Discover how Viewrail started with humble beginnings in their owner's basement, and grew into a multi-facility campus sprawled across Midwestern soil! They are a leading national provider of modern stairs and railings with raw materials domestically sourced and locally produced. Viewrail strives to combine human artistry and cutting edge technology to design beautiful custom stairs or railing systems.

This is your opportunity to learn from their team as they share their successes and challenges with you. You will hear from every aspect of their operation and be given time to delve deeper during our popular Geek Sessions. And the best part, all attendees will be building stairs with their infamous Frankenstair!
